BANGOR. ME TUESDAY MORNING, MAY 97, 1890.

\_vol. Lvil--number 12

Bright eyes and dull; near righted; far sighted; ampholy (except those who won't, and they are worse this blind) can see a giance the advantages gained by using PEARLINE. We do not expect everyday will see it, but millions do, and the number increases every day.

Delicate woman and strong, wonder at the ampine of work and they can do with the aid of PEARLINE—the time payed; the satisfactory results, and when they knye used it for verye they realize that a veryelling that it waited or cleaned with PEARLINE lists longer. This is very simple—PEARLINE does away with most of the rubbing—the greatest wear and tear the time law with ordinary scap. Your own interests should lead you to use it if you do your own walk, and value your fine linese and fine.
